

# Scouts NTHQ Newsletter

## Issue 3

### The monthly round up...

Where did April go? We hope that everyone enjoyed their Easter break as much as the chocolate eggs. Despite all the long weekends and public holidays, Scouts NTHQ has had a Technology overhaul thanks to Territory Technology Solutions. As a result the office computers are now networked and there is a new COLOUR Printer/Scanner to assist us, in making our office more efficient and hopefully a little more paperless.

Stephina the Branch Manager is working hard to bring all the accounts up-to-date and any enquiries regarding such matters can now be emailed to [accouts@scoutsnthq.com.au](mailto:accouts@scoutsnthq.com.au).

All enquiries regarding the Nightcliff Scout Hall or equipment hire should now be directed to [info@scoutsnthq.com.au](mailto:info@scoutsnthq.com.au). A Booking procedure is now in place and any groups or individuals wishing to use the Hall or hire equipment such as the eskies, popcorn machine or BBQ trailer are encouraged to use the Hire Form available through the office.

## Looking Ahead

As Accounts Manager Stephina has her eye on the end of the financial year. With this in mind she continues to assist Groups with their accounts and to liaise with the Executive Committee regarding the administrative responsibilities of Branch Head Quarters.

Polly is working closely with the Training Team to ensure all Leadership Applications are processed in a timely and efficient manner. Both Stephina and Polly will be undertaking further training in the coming weeks to look for ways in which MyScout can be utilised by the Northern Territory.

The Nightcliff Hall continues to generate interest from the wider community regarding its function as a meeting space, with this Polly and Steph are looking for ways to improve the overall aesthetics of the space
